

Welcome Delegates and StOff members!

The first day

Are you ready for the first amazing day of CalsMUN 2025?! This year, the theme of CalsMUN is 'Healthier Together, fighting for health across borders'. We have chosen this theme to raise awareness to the importance of healthcare, to the millions of people around the world that do not have access to it and to create a movement that fights for and sees the value of accessible healthcare for everyone.

Meet the OC

Meet the Organizing Committee of CalsMUN 2025! **The OC will be wearing pink keycards** during the weekend, so if you have any questions, feel free to ask them!

Head of Finance: Zera Steinginga

Head and Deputy Head of Housing: Kyara Rutten and Lucie van den Berg

Headmin: Jurre van Rietschote

Expert Advisors: Jurre van Rietschote and Sven Klein-Gunnewiek

Charity

This year's charity is Project C.U.R.E. Project C.U.R.E delivers life-saving medical equipment, supplies and services to meet the needs of people struck by poverty, disasters and violence. At least 400 million people do not have access to basic healthcare and every two seconds someone between the ages of 30 and 70 loses their life to noncommunicable diseases. The mission of Project C.U.R.E is to lower these numbers by providing medical equipment and supplies to those in need. This inspirational organization was founded in 1987 and has since then distributed more than a billion dollars in medical supplies to underserved communities in more than 135 countries!
